

User Acceptance Testing (UAT)

Date	04-12-2025
Name	Yakshagaraj A G
Project Name	Online Bookstore
Maximum Marks	

Project Overview:

Project Name: online Bookstore

Description: A full-stack MERN-based online platform that allows users to browse, search, filter, review, wishlist, and purchase books. It includes book management, user authentication, cart functionality, order processing, and an admin dashboard for inventory and category management.

Project Version:v1.0.0

Testing Period: 2025-11-25 to 2025-12-04

Testing Scope:

- User registration and login
- Book browsing and search
- Filtering by genre, author, rating, and price
- Book details viewing
- Cart management (add/remove items)
- Wishlist management
- Order placement and order history
- Review and rating system
- Admin book management (add, edit, delete)

Requirements to be Tested:

- As a user, I want to sign up and log in securely.
- As a user, I want to browse and search books easily.
- As a user, I want to add books to my cart and place orders
- As a user, I want to add books to my wishlist.
- As a user, I want to write reviews for books I purchased
- As an admin, I want to manage book listings and categories.
- As an admin, I want to update inventory and stock levels.

Testing Environment

- URL: <https://onlinebookstore.example.com>
- Credentials:
 - User: testuser@gmail.com/ password123
 - Admin: admin@gmail.com/ admin123
 - Seller: seller@example.com/seller123

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User Registration	1. Visit site 2. Click "Sign Up" 3. Fill & submit form	Account created and redirected to user dashboard	Account created, redirected to dashboard	Pass
