Brainstorm & Idea Prioritization:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

The team met to understand the issues faced by readers and book buyers who prefer digital platforms.

Problems identified include: difficulty finding specific books, lack of proper filtering, and limited access to reviews before purchase.

The chosen problem statement:

“Users find it difficult to browse, search, and purchase books efficiently on traditional or poorly structured online book platforms.”

Step-2: Brainstorm, Idea Listing and Grouping

LISTING:

- Book browsing by categories
- Search and filter by genre, author, or title
- Book details page with description, price, and reviews
- User authentication
- Shopping cart
